### **The following is breaking news of a monumental impact for all Davidians:**

06-18-2010

Dear Brethren,

Today the long sought, vital answers addressing the prophecy of *Isaiah seven and eight* is finally here. We now know the full story of the Assyrian Confederacy and its impact upon—not just the SDA movement or the DSDA movement, but—the historic church of God on earth. These things are clearly explained in the *mustard seed's* soon-to-be-officially-released book entitled *Confederacy Trap*.

The initial transcript has already been circulated among the disciples to be bound and sealed amongst them; however, just in case there are others who desire to rise to that distinction—that is the distinction of discipleship—the book offer is broadcasted to all in Davidia who are willing to read it. It is a major production, 246 pages, perfectly bound, packed with prophetic revelations and is created with much expense; however, what is even more joyous is that it is offered to you free of charge. That means, no shipping, no handling, no distribution fees—no cost whatsoever—so long as anticipated interest stays in line with the *mustard seed's* expectations and budgetary limits. As it stands now, the MSA can absorb the cost of at least 200 request.

No one in Davidia has heretofore been able to explain the intricacies of this very deep and complicated prophecy. The book provides irrefutable answers to the following questions:

- ***Exactly who today, by personal identity, is Immanuel?***
- ***How is he distinguished from Jesus?***
- ***If Immanuel is not Jesus, how do we account for that by Scripture, and how do we explain His promised virgin birth?***
- ***What is the confederacy against the House of David?***
- ***Who do the confederating powers, the leaders of Israel and Syria, represents?***
- ***The power whom them plot against, Judah, whom does it represent?***
- ***Why does America deserve the title, Assyria?***
- ***Immanuel goes in unto the prophetess and together they conceive a son, Mahershalalhashbaz; what is the meaning of this seemingly illegal, sexual interaction, and how can such a literal engagement be sustained by a biblically defined, honorable man?***
- ***Who is the prophetess?***
- ***What role does Mahershalalhashbaz play in the gospel dispensation?***
- ***How do we explain the punishing flood that is described in the Text?***
- ***How do these themes relate to the “final 42 months”?***
- ***What is the fear which Immanuel is told to decry and condemn?***

- *What are the signs even now existing within the church that shows that she is in the mode to violate the thrust of Immanuel's counsel by seeking confederation?*
- *Who are the wise and foolish virgins of Matt 25?*
- *The foolish are sent to those that sell the oil; therefore, who are they?*

Although, the initial transcript was just released last week, the MSA already has several testimonials and one reply from an E-mail. Below is his testimony:

*"As I read every page, every line, in your latest publication, I felt as if the book was talking directly to me. It was as if I was having a conversation with the booklet, and it was answering questions that I had---the answers were being highlighted and fortifying my understanding of all that we have been studying up to now.*

*It truly feels as if light today is shining 7 times brighter compared to yesterday.*

*I look forward to this Friday for another Friday Night study".*

*May Father continue to bless you and your household—E-mail from Canada*

The book is free, but it is also expensive. All who desire a copy must commit to carefully and prayerfully read it, page by page, from the beginning until the last page and for a reasonable period of time. In so doing, they will let the book answer all their questions. Also, in so doing, it will bind the testimony and the law to their hearts. Such an outlay of time should be construed as their investment and their expense, and their request for the book should be done with the foreknowledge that it alone perfects this contractual covenant. The honor of the requestor, as a Christian, will be the only collateral, lever of enforcement in the hands of the MSA. Also, another stipulation is required: You must submit your request to this office using your full and true name as well as your mailing address.

Sincerely,

Derek W. West,
