Banished Office Scanners

Dear Bro. R_____ Ruhling,

At the prompting of Sis Ari, I (Derek's Helpmeet) out of courtesy sent to you Derek's Document entitled, [*Elijah's Second Step*](#). You responded with the following reply:

"I scanned it and see it as not relevant to what needs restoring. Derek is welcome to call if he wishes." —your E-mail May 13th.

Derek has informed me that he greatly disrespects your spiritual ethics. When you learn to read like an educated and diligent man, and when you bypass your zeal to become an office "scanner", when you cast aside hypocrisy and investigate with the same fervor that you mandate others to investigate —when you purge yourself of these sins— then will Elijah have any interest in talking with you.

Bereft of these honorable qualities, Derek has no reason to call any Adventists. Instead of speaking to spiritual charlatans, instead of seeking after sheep-coated wolves, Derek will target his attention differently: He will search out the true sheep of Christ, those who hear His voice and follow Him — See John 10.
